ACCEDA

Brand Guide

Accessibility. Automated.

AI-Powered Accessibility Compliance

Build Accessible. Ship Confidently.

Elevator Pitch

> *ACCEDA is an AI-powered accessibility platform that scans, fixes, and verifies WCAG compliance automatically — helping developers ship accessible software with confidence.*

Brand Themes

Accessibility	**AI Assistance**	**Compliance & Trust**	**Modern Dev Tooling**

Logo System

Primary Logo

Signal waves + checkmark symbolizing accessibility signals detected and validated.

Use cases:

- Website header
- Product UI
- Marketing

Icon Mark

Signal + check only.

Use cases:

- Favicon
- Mobile apps
- GitHub org
- CLI tools

Monochrome Version

- Navy
- White

Use cases:

- Dark mode UI
- Print
- Watermark

Color System

Primary Colors

	Deep Accessibility Blue	`#0A2A66`
	Signal Blue	`#1F4FD8`
	Trust Navy	`#0C1F4A`
	Validation Green	`#10B26C`

Accent Colors

	Electric Blue	`#3A7BFF`
	Accessibility Yellow	`#FFC247`
	Soft Gray	`#F4F6F8`
	UI Gray	`#6B7280`

Typography

Primary Font

Inter

Weights: Regular 400, Medium 500, SemiBold 600, Bold 700

- Body text
- UI elements
- Buttons

Secondary Font

Space Grotesk

Display & marketing typeface

- Landing page headers
- Marketing graphics

Code Font

JetBrains Mono

Monospaced developer typeface

- CLI examples
- Documentation
- Developer dashboards

UI Design Language

Design Principles

Clean	Developer-First	Fast
Minimal interfaces with purposeful whitespace and clear hierarchy.	Built for engineering workflows, CLI tools, and code-centric experiences.	Optimized for speed — both performance and time-to-insight for users.

Button Styles

Primary	Success	Outline
Background: #1F4FD8 | Text: White | Border radius: 8px	*Background: #10B26C | Text: White | Border radius: 8px*	*Border: 1px solid #1F4FD8 | Text: #1F4FD8 | Border radius: 8px*

Icon System

Style Guidelines

- Outline icons
- 2px stroke
- Rounded corners

Core Icon Set

- Signal + Check
- Eye
- Code Brackets
- Shield
- Graph
- Lightning

Product Dashboard

Accessibility Score Card Example

94 / 100	3	27	2
Score	WCAG Issues	Auto-Fixed	Remaining

Cards use subtle shadows, rounded corners, and a clean white/light background to communicate trust and clarity at a glance.

Brand Voice

Clear	Technical	Trustworthy	Helpful
Communicate without jargon. Every message should be immediately understood.	Respect the developer audience. Use precise language and real examples.	Every claim is backed by evidence. Compliance is not guesswork.	Meet users where they are. Provide actionable guidance, not just reports.

> *Automatically detect and fix accessibility issues.*

Taglines & Messaging

Primary	Accessibility. Automated.
Secondary	AI-Powered Accessibility Compliance
Marketing	Build Accessible. Ship Confidently.
Developer	Accessibility CI for modern teams
Hero Headline	Build Accessible Software Automatically
Sub-Headline	AI scans, fixes, and verifies accessibility across your entire product stack.
Social / GitHub Banner	AI-Powered Accessibility Compliance — Scan. Fix. Verify.

Product Naming

ACCEDA Scan	ACCEDA Fix	ACCEDA CI	ACCEDA Reports	ACCEDA DevKit
Automated scanning for accessibility issues.	AI-powered auto-remediation engine.	Continuous integration pipeline integration.	Compliance reporting and WCAG dashboards.	SDK and tooling for developer workflows.

Illustration & Animation

Illustration Style

Illustrations should be:

- Minimal
- Geometric
- Accessibility friendly

Examples:

- Screen reader scanning website
- AI reviewing UI
- Code auto-fixes

Motion / Animation

Key animation patterns:

- Signal scanning animation
- Checkmark draw animation
- Dashboard score count-up

Website Layout

Page Sections

Hero	How it Works	Dev Integration	A11y Reports	Compliance	Pricing

Favicon & Social Branding

Favicon

Signal + check icon mark, rendered at 16x16, 32x32, and 64x64. Use navy on white or white on navy for maximum contrast.

Social / GitHub Banner

Headline: AI-Powered Accessibility Compliance

Sub-copy: Scan. Fix. Verify.

Use Signal Blue background with white text and Validation Green accents.
